You now have an "On-Demand," fully integrated conferencing tool, that's easy to use for everyone. inteliCall Meeting Center® lets you quickly and easily bring people together—from anywhere in the world. You get audio, web and video conferencing in a single, proprietary system that integrates with everyday business tools, like calendaring systems and instant messaging clients, so starting and joining meetings is done just with a click of the mouse. The best part is that all of this comes as a true *SaaS model*, a service that inteliCall manages for you.

A Simple Way to Have Meetings: On-Line, On-the phone or Both

This easy-to-use system lets you meet with people in remote locations in your own online meeting room, without ever leaving your office. Present PowerPoint® slides, share applications and show web sites—all with the same impact and results as in-person meetings. So you meet more productively and more often, without the time and expense of travel.

Use inteliCall for:

- * Sales presentations
- * Training and e-learning programs
- * project management
- * Departmental meetings
- * Company announcements
- * Product launches

MULTIPLE LEVELS OF SECURITY

Provide industry-leading levels of access security, network security and content security.

- * Use 128-bit SSL encryption for your online meetings
- * See all connections to the meeting in the inteliCall Meeting Center interface
- * Option to require participants to pre-register for meetings or use passcodes

POWERFUL MEETING CONTROLS

Make the most of your meeting time by utilizing a variety of powerful meeting controls.

- * Share applications right from your desktop
- * Create surveys and quizzes and conduct polls
- * Display Microsoft PowerPoint presentations
- * Launch desktop video anytime during your meeting

Control the phone portion of the meeting on the web—No hassle of phone keypad commands.

- * Mute and unmute any or all participants
- * View who is speaking in conference via the "active speaker" icon
- * View the voice status of participants via the online meeting interface

PARTICIPANT FUNCTIONALITY

Give participants seamless entry to your meetings.

No plug-ins or downloads needed for participants to join

Participants can join meetings via numerous browsers and operating systems including: IE 6.0 + (Windows), Firefox 1.5 + (Windows/Mac/Linux), Safari 2.0 + (Mac).

Or Join via your Apple iPhone®, inteliCall Meeting Center is now compatible.
